

In the specification:

Page 4, line 2, replace "Prior Art" with -- Background of the
Invention --,

line 4, delete "by the preamble to the main claim",
between lines 7 and 8, insert -- From German patent

document DE 41 36 065 A1 a mobile, program control device for
entertainment and/or telecommunication is known, such as for example a
mobile part of a cordless telephone, a radio apparatus or the like. In this
device individual control elements are located laterally right near a display
field. The control elements are identified correspondingly with a symbol or
a text, and this indication corresponds to the symbol in the display use. The
control elements are locally associated with the symbols in the display field.

line 8, replace 'Advantages of the Invention' with --
Summary of the Invention --,
line 10, delete "characteristics of the main claim".

Page 2, third line from the bottom, before "Drawing" insert --
Brief Description of the --.

Page 3, line 8, replace "Exemplary" with -- Preferred --.
